

WE'RE PROTECTING OUR CUSTOMERS FROM COVID-19

We ask that our customers assist us in preventing the spread of Coronavirus by doing the following:

- Shop with your eyes. Touch only what you buy.
- Shop alone – designate one shopper per family.
- Shop once a week to restock your supplies.
- Keep social distance of 6' between other customers and our store employees.
- If you are ill, please don't come into our store.
- Do not bring reusable bags or backpacks into our store.
- Please do not stockpile. Purchase what you need but leave something for your neighbor.
- Wash your hands more than you think you should.
- We are working around the clock to stock our shelves and sanitize our store to keep you and our employees in good health.

Responsibility is everyone's job. Please do your part by following these recommendations.
